CRA PlayFootball Registration Guide

FFA has introduced a new registration system in 2019 called Play Football. It replaces My Football Club which you would have used to register in previous years.

You will need to create a Play Football Account if you don't already have one. This account is different to your My Football Club account, but if you register for the account correctly, your previous registration history and information should carry over. Details for creating your account are below.

For existing members, you will already have created a PlayFootball account. Please follow the step by step process below to register.

CRA Registration Page

The CRA has an individual registration page through Play Football.

<https://registration.playfootball.com.au/common/pages/reg/WelcomeRegPlus.aspx?entityid=74324&save=0>

Step 1 – CRA Registration Page

Select Get Started on the CRA Registration Page. Ensure you have all your personal details ready including a profile photo and if you are over 18 years of age your paid WWC number.

Step 2 – Sign in or create account

If you have registered as a referee or player since 2019, you can sign in with your MyFootball account and continue the registration.

If you last registered as a referee or player prior to 2019 or our new to Football, please select continue and create a MyFootball Account.

For those that have previously registered with MyFootballClub, ensure you use the same email address as you used for your My Football Club account when creating an account. This will ensure that your previous registration information and history is linked to your new account.

If you currently play and already have a PlayFootball Account, please use this account as you will have the same FFA and PlayFootball number.

Step 3 – Select Registrant

Once you have created an account, you will need to select if you are registering for yourself or another person.

This screen allows you to link accounts and register on behalf of another person including children, parents and spouses.
